

WE EMPOWER **BUSINESSES** WITH TECHNOLOGY & EXPERTISE

Leading provider of technology and services that
improve efficiency, compliance and performance.

Who we are

triSaaS specialise in providing integrated software and consulting services tailored to the needs of modern businesses. Our solutions simplify complex processes, reduce inefficiencies, and ensure compliance with industry regulations. From safety and compliance to procurement and people management, we help businesses streamline operations, increase visibility and boost productivity.

Our seamless platform enables businesses to stay ahead of the game and achieve measurable success.

What sets triSaaS apart?

We go beyond technology, we deliver results that transform businesses. Our expertise, innovation, and commitment to our clients' success set us apart.

Industry Expertise

With years of experience, we understand industry challenges and deliver customised solutions that make an impact.

Proven Results

We ensure measurable results, from cost savings to improved compliance and operational efficiency.

Comprehensive Solutions

Our unique combination of software and consulting ensures that companies get the right mix of technology and expert advice.

Customer-Centric Approach

We work with our customers to understand their needs and provide solutions that deliver long-term success.

Software Solutions

triSaaS provide a comprehensive suite of software solutions designed to enhance efficiency, compliance, and performance across various industries. Our offerings include Logit, an all-in-one task management platform; eSource Wizard, which streamlines procurement with eRFx and eAuction capabilities; Rota King, a people management system for scheduling and HR activities; Contract Concierge, a cloud-based contract management tool; and Purchase Warrior, an intuitive procurement solution that simplifies purchasing workflows and supplier management.

With a seamlessly integrated platform, triSaaS enables businesses to scale effortlessly while maintaining full visibility and control over operations. Our solutions centralize key business functions, reducing complexity and improving collaboration across teams. Designed for ease of use, our software minimizes manual effort, enhances decision-making with real-time insights, and adapts to evolving business needs without costly upgrades or extensive training.

SOFTWARE: CONTRACT MANAGEMENT

Contract Concierge is an easy-to-use, secure online tool that makes it simple to manage all your contracts from one secure place, helping to reduce or eliminate the common risks associated with traditional processes.

Simply upload your supplier and client contracts into the system, assign any or all team members to access specific contracts and let Contract Concierge handle the rest.

SOLUTION HIGHLIGHTS

Restrict access & improve security

Our software gives you the ability to control authorised access by individuals or teams across the organisation.

Never miss a renewal or termination

Monitor all contracts and never miss an important date. Our system sends automatic alerts, prompting users to act on key milestones like renewals, terminations, and other critical dates.

Unlimited documents

Store and access all financial information and other documentation associated with each contract in one place. There are no limits to the number of users and contracts/ documents.

eSignatures

Reduce risk and be confident that you can securely sign, attach and send documents online or mobile device via providers such as DocuSign.

BENEFITS

Secure, online contract repository allows teams to store and access important documents and details.

Receive alerts based on a contract's key dates.

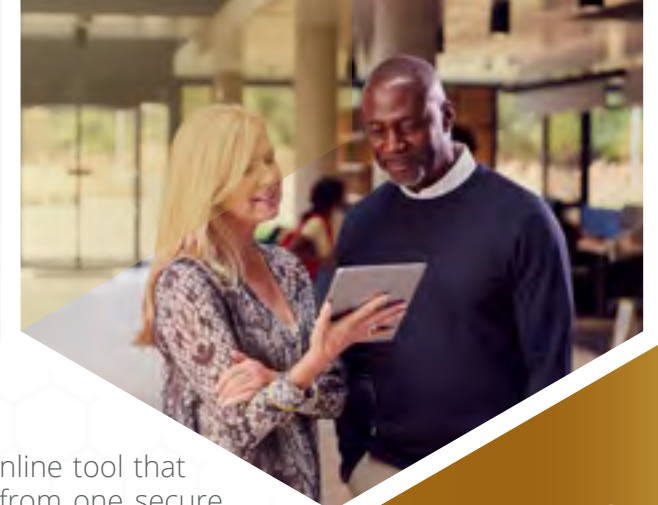

Get a complete view of all pending, active and finished contracts.

Seamless integration to your Outlook or Gmail calendar allows you to stay organised and take action at the right time.

Analyse supplier/customer relationship before an auto-renewal or termination.

Logit is an all-in-one digital solution that enables you to manage compliance, maintenance, audits, food safety, staff and guest requests, and more from any device.

Our mobile-first solution ensures you spend less time sending emails, making phone calls and searching for missing paperwork. One end-to-end digital platform makes it easy for you to manage tasks and teams more efficiently from any mobile device.

Task Management

Streamline workflows with a powerful, all-in-one digital solution. Eliminate inefficiencies tied to paper processes and ensure tasks are completed consistently and on time. Monitor progress in real-time and receive instant alerts when action is needed.

Safety & Compliance

Stay ahead of regulatory requirements with effortless tracking, auditing, and compliance management—all accessible from any mobile device. Logit's intelligent automation ensures the right tasks are performed at the right time, keeping your teams safe and your business compliant.

Maintenance

Keep operations running smoothly with the most advanced digital maintenance solution. Quickly respond to staff and guest requests, schedule and track planned maintenance, and manage assets—all in one centralised platform.

Communication & Engagement

Foster a connected and engaged workforce with interactive, two-way communication. Instantly share critical updates, keep teams informed, and create a positive work culture that enhances employee satisfaction and retention.

BENEFITS

Digitise workflows to increase accuracy and visibility.

Streamline and automate processes for smoother operations.

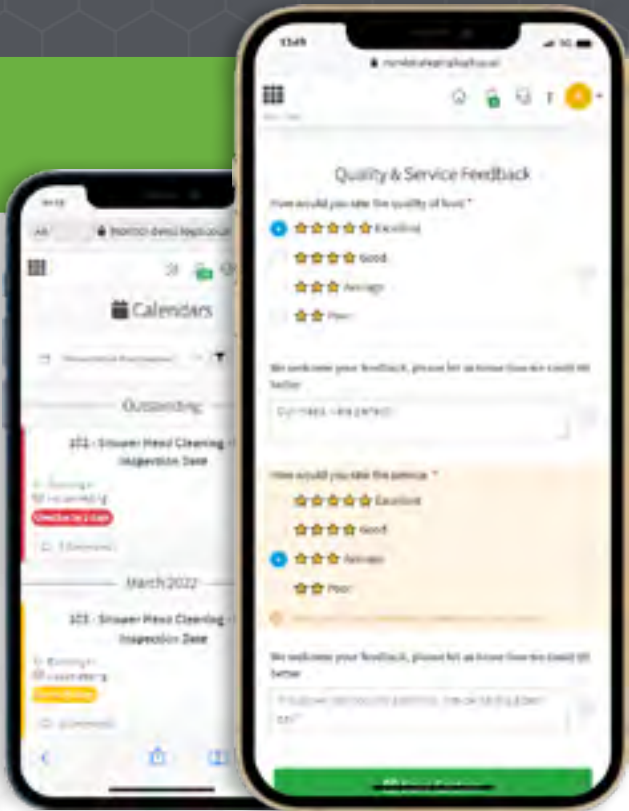

Improve employee experience and retention with enhanced two-way communication.

Monitor progress in real-time and take action before issues turn into problems.

Achieve full compliance, mitigate risks, and enhance overall safety practices with mix of software and expert consultancy services.

SOFTWARE:
PURCHASE 2 PAY

purchase
WARRIOR

Our Next Gen e-procurement platform is designed specifically for the hospitality sector. By addressing every stage of the procurement cycle, Purchase Warrior empowers companies to reduce costs, enhance efficiency, and enforce control over rogue purchases.

SOLUTION HIGHLIGHTS

Supply Chain Management

Gain end-to-end visibility and control over your supplier network.

Cost Control

Stay within budget with precise tracking and approval processes.

Purchase Orders

Streamline order creation with built-in workflows for approvals and compliance.

Dynamic Reporting

Simplify receipt tracking with automated matching to orders and invoices.

Price Analysis

Compare supplier pricing and track cost trends to make data-driven decisions.

Order Approval

Ensure compliance with preset authority limits and reduce unauthorised spend.

Invoice Processing

Transition to paperless invoicing and cut processing time by up to 95%.

Food & Beverage Management

Streamline every aspect of menu planning, costing and stock control, empowering your teams to operate efficiently and meet your business goals.

BENEFITS

Remove manual tasks, minimise errors, and boost team efficiency.

Stay on top of costs with real-time visibility and control.

Highly scalable with enhanced features and functionality.

User friendly, no technical expertise is required.

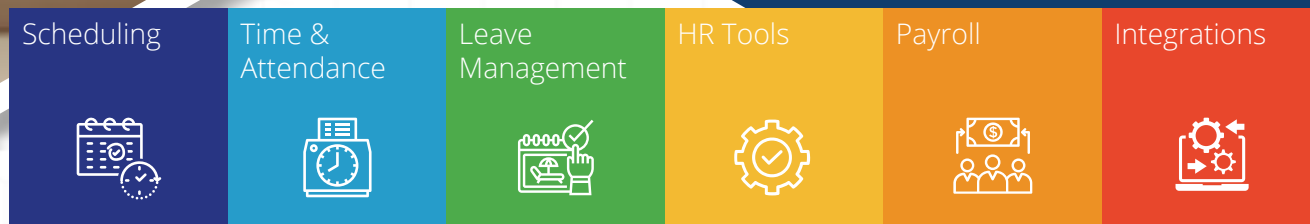

Works seamlessly with suppliers of all sizes and types.

Our powerful, all-in-one people management solution is designed to simplify workforce scheduling, time tracking, and HR administration. With intuitive scheduling tools, you can create, adjust, and share rotas in seconds while ensuring optimal shift coverage. Our time and attendance system provides real-time insights, helping you monitor staff hours, reduce absenteeism, and ensure compliance with labour regulations.

Beyond scheduling, Rota King streamlines key HR processes, from leave management and payroll processing to budget control and performance tracking. Whether managing a small team or a large workforce, Rota King centralises everything in one easy-to-use platform, saving you time, reducing errors, and enhancing overall workforce productivity.

SOLUTION HIGHLIGHTS

Efficient Scheduling

Automate workforce scheduling to ensure the right people are in the right place at the right time, reduces scheduling conflicts and improves resource management.

Performance Tracking

Gain a clear view of your staffing costs with our powerful labour forecasting and budgeting tools. Plan effectively, control expenses, and make data-driven staffing decisions to keep your budget on track and your operations running smoothly.

Employee Engagement

Provides tools that increase job satisfaction, promote a positive workplace culture and reduce employee turnover through recognition and engagement.

Control budgets and maximise profits with the industry's most cost-effective software

One fully integrated system provides all the visibility to manage labour budgets and resources better than ever. Our innovative software offers significant value and quick ROI because you only purchase what your business requires.

Save time, reduce labour costs and grow your business

25%
Time savings

>5%
Savings on labour

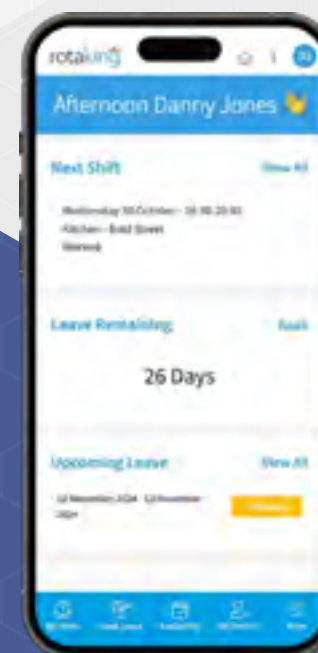

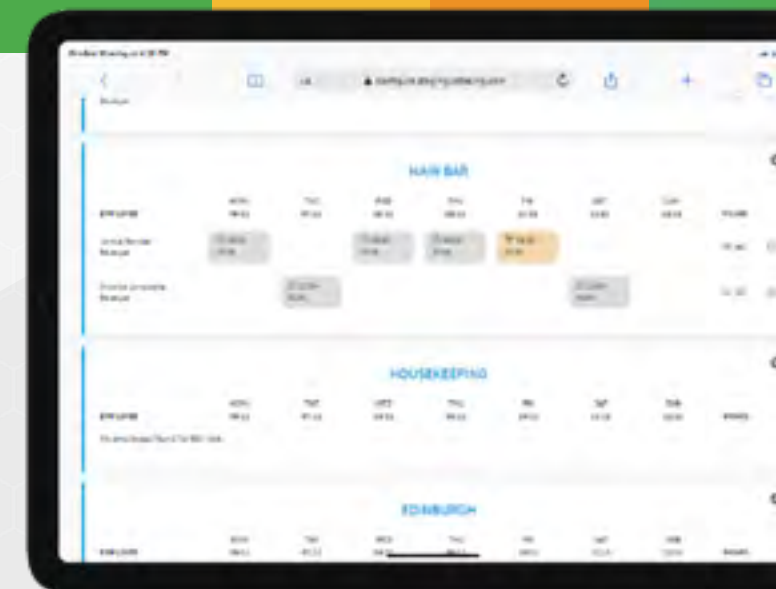

100%
Faster reporting

100%
Increased productivity

Real-Time Integrations

- Seamless integrations with payroll and HR systems
- Open API and webhooks
- Handpick the best solution for each area of your business
- Continually adding new real time integrations

BENEFITS

Maximise staff efficiency through automation and scheduling optimisation.

Reduce unnecessary labour expenses, optimise resource allocation and avoid costly errors from manual data entry and time theft.

Leverage data to optimize scheduling, streamline operations, and consistently achieve performance and financial goals.

eSource Wizard

eSource Wizard takes eRFx and eAuctions to a whole new level with trailblazing functionality. Our powerful software automates processes and delivers data instantly, allowing you to analyse the most complicated tenders across multiple suppliers in seconds – not days.

Whether you choose to run a simple RFQ with your existing supplier or invite new suppliers to participate in a live auction, our easy-to-use tools dramatically simplify tendering and makes spreadsheets and email obsolete.

SOLUTION HIGHLIGHTS

eRFx

Innovative eRFx functionality gives procurement professionals the ability to easily create and manage online requests for information, proposals and quotations. Our simple but sophisticated interface removes hours or days worth of work with streamlined processes and instant access to data that lets you analyse complex tender responses in mere seconds.

eAuction

eAuction offers powerful capabilities that reduce manual processes, enabling procurement to run more events on a regular basis. It also improves objectivity, transparency and auditability in the supplier selection process. For suppliers, eAuctions reduce the sales cycle time since award decisions can be made very quickly upon the completion of the bidding event.

BENEFITS

Review, audit and rank supplier bids in seconds – not days or weeks.

Increase competition by empowering more suppliers to bid on your public and private tenders.

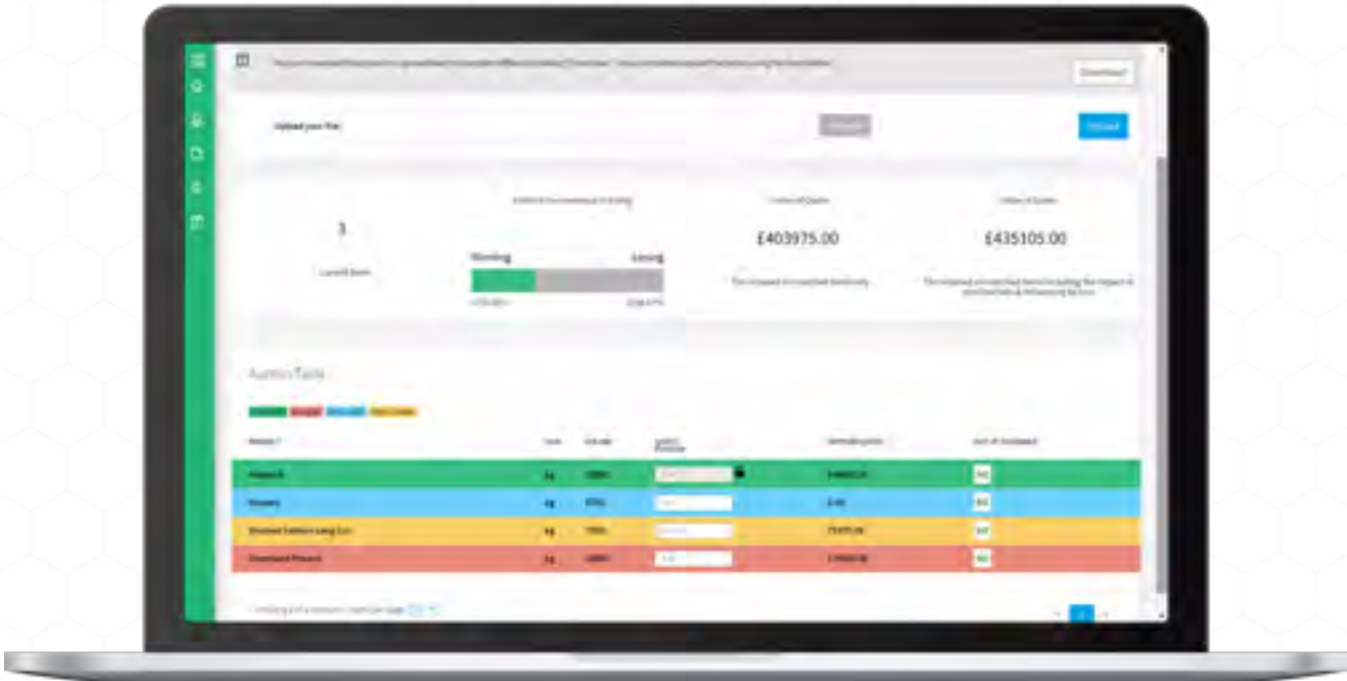

Achieve better tendering results through strategic automation and transparency.

Customisable templates ensure buyers adhere to company procedures by using the right questions and scoring mechanisms.

Improve supplier engagement and decision-making through a clear, efficient evaluation process.

Consultancy Services

Hygenisys and Enhance Hospitality, triSaaS-owned consulting companies, provide industry-leading expertise in health and safety and procurement services, delivering tailored solutions that drive compliance, efficiency, and operational excellence. By leveraging cutting-edge technology, data-driven insights, and industry best practices, we help businesses streamline safety protocols, manage risks, and optimize procurement strategies.

Our expertise spans health and safety compliance, supplier management, cost control, and procurement efficiency, empowering businesses to create safer workplaces while optimizing their purchasing processes. By fostering a culture of safety, efficiency, and innovation, we help clients navigate regulatory requirements, reduce costs, and gain a competitive edge in their industries.

CONSULTANCY: PROCUREMENT

Enhance Hospitality specializes in delivering bespoke procurement solutions tailored to the unique needs of businesses within the hospitality sector. Since 2010, we have been committed to helping clients save time, reduce costs, and improve profitability by offering a flexible contract model suitable for any business size.

Our comprehensive suite of services includes tendering, price comparison, fresh produce management, supplier category management, gross margin improvement, and contract register management. By leveraging cutting-edge technology and proven processes, our team of experts ensure clients receive the best prices and quality across a wide range of categories.

Our independent approach, free from ties to suppliers or buying groups, allow us to focus solely on what suits each business best, delivering exceptional results with average client savings of 10-14%.

SERVICE HIGHLIGHTS & BENEFITS

Strategic Sourcing

Tailored strategies to maximise value and efficiency.

Supplier Management

Expert negotiation and selection to ensure quality services at the best price.

Gross Margin Improvement

Whether a one-off business review or ongoing margin support, we help improve total food margins.

CONSULTANCY:
HEALTH & SAFETY

Hygenisys is a market leading Environmental Health & Safety Consultancy established in 2000 to provide a one stop service to assist companies including major hotel chains, leading restaurant groups, spas, retail and commercial organisations to implement sound policies and procedures to ensure they operate safely and fulfill their legal obligations.

Through our consultative and bespoke approach, we provide more than just compliance, we offer the strategic edge that positions our clients as market leaders in safety and operational integrity. Our professionals take care of your safety compliance so you can focus on driving your core business forward with confidence and peace of mind.

Join our Commitment to Excellence in Safety Membership

Hygenisys believes that safety is not just a legal requirement—it's a moral responsibility. That's why we are proud to invite clients to join our exclusive Commitment to Excellence in Safety Membership.

As a member, your business will be recognised as one that goes above and beyond to uphold the highest standards of safety, health and well-being. You also receive Excellence in Safety signage including a certificate and door sticker to prominently display and reinforce your dedication to maintaining a secure environment.

SERVICE HIGHLIGHTS & BENEFITS
